## Purchase & Registration

- [Purchase License](#)
- [Registration Tips](#)

### Purchase NoteBurner Spotify Music Converter for Windows

**Quick Link:** To purchase a license key for NoteBurner Spotify Music Converter for Windows, click [here](#).

#### 1. Why should I buy NoteBurner Spotify Music Converter for Windows?

NoteBurner Spotify Music Converter for Windows is a shareware, the trial version of which is limited to convert the first **3 minutes** of each audio. To unlock the limitation, a license key is needed. Once you purchase the program, you will get a confirmation e-mail, with your Registration Email and Registration Key in it, to get access to the full version of the program.

#### 2. What Benefits do we have after Registration?

- Unlimited use without any functional restrictions.
- Lifetime FREE upgrades to the latest version of the same product.
- Lifetime FREE technical support.

### Register NoteBurner Spotify Music Converter for Windows

**Step 1:** Run NoteBurner Spotify Music Converter on your PC. Click **"Menu"**  button on the upper right, and then select **Register** option to register your program.

**Step 2:** Please register the program with your Registration Email and Registration Key. You may just use **Ctrl+C** to copy and **Ctrl+V** to paste in the window. Then please click **"OK"** button.

Register

Please enter the registration information to upgrade trial version to registered version.

- [Delete Music Files](#)
- [Choose Output Format](#)
- [Customize Output Path](#)
- [Convert Music Files](#)
- [Check Conversion History](#)

### Import Music Files

**Step 1:** Click “+” button on the upper left corner or click “[Click here to Add Audio](#)” on the bottom of the interface, there will be a pop-up window prompting you to import your Spotify music to the program.

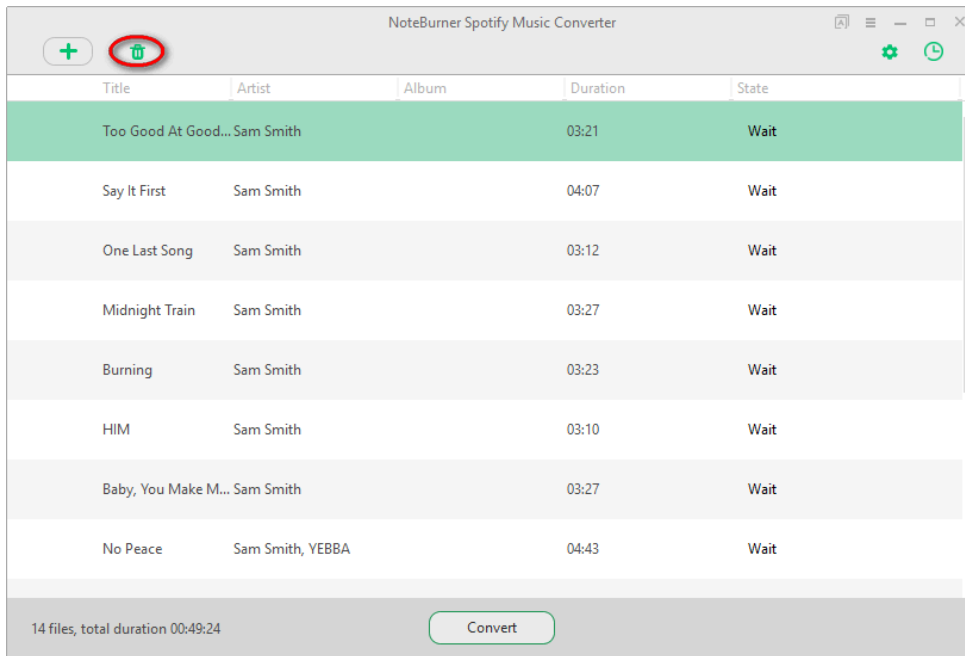

### Delete Music Files

Select the files you want to delete and then click button to delete the selected songs.

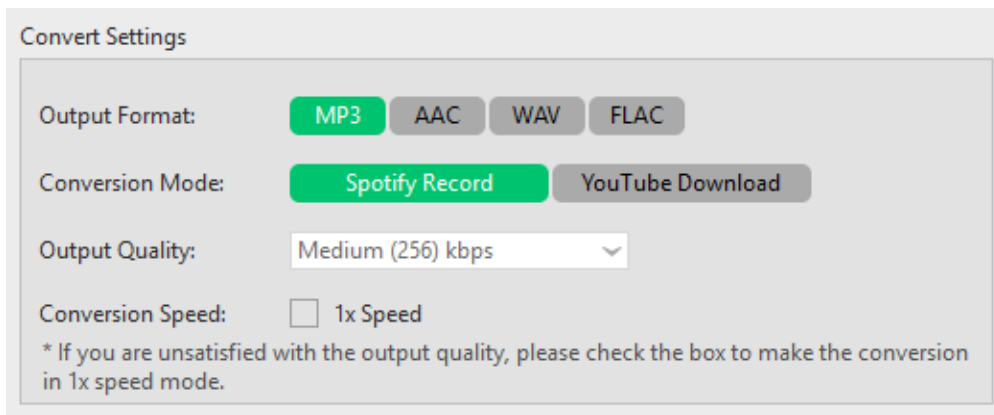

## NoteBurner Spotify Music Converter for Windows

### Choose Output Format

Click **"Settings"**  button on the upper right, where you can choose to convert your Spotify songs to diversified output formats, including MP3, AAC, WAV or FLAC. Besides, you can adjust the output quality - High (320 kbps), Medium (256 kbps) and Low (128 kbps) as well as the conversion speed (up to 5X).

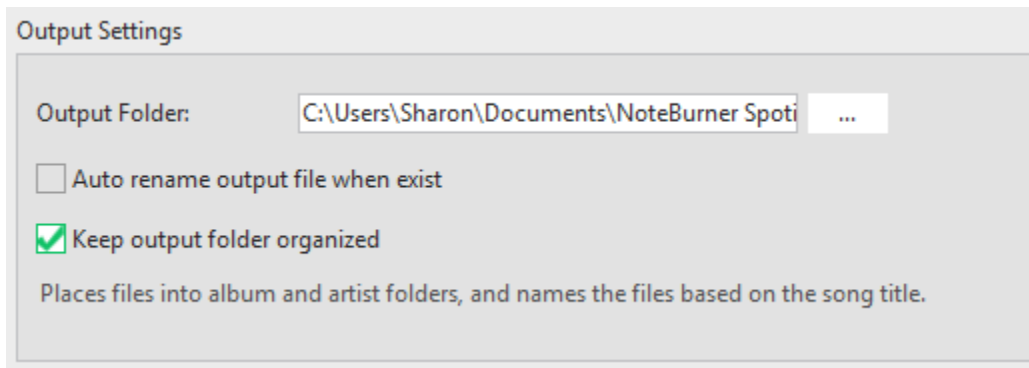

### Customize Output Path

Click **"Settings"**  button on the upper right. Here you can also customize the output directory for the target converted Spotify songs. If you want to sort out the output files by Artist > Album > Title, just check "Keep output folder organized"

# NoteBurner Spotify Music Converter for Windows

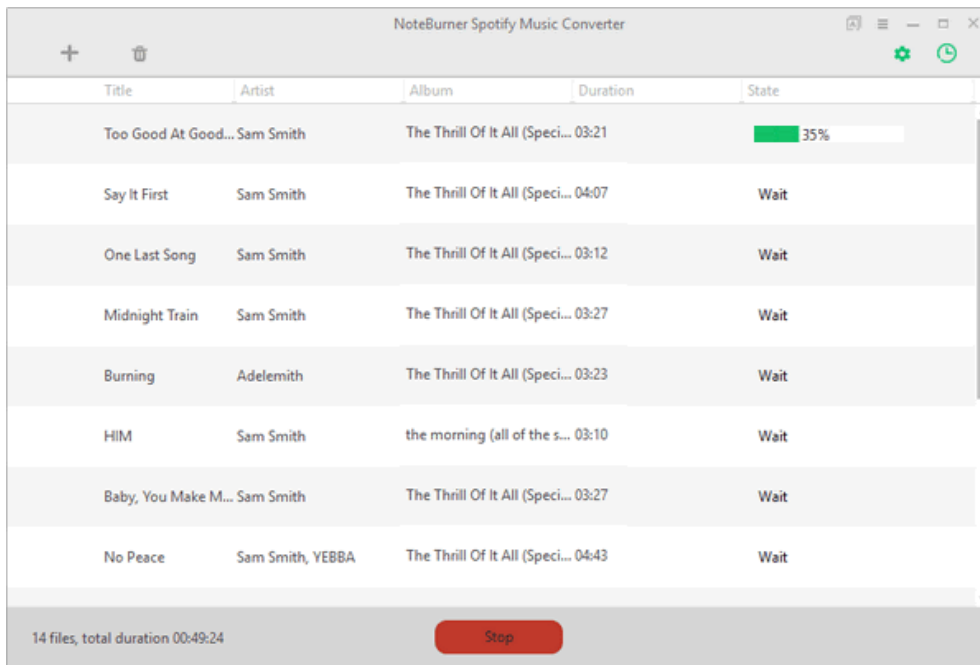

## Tips:

1. Please click button to browse and choose the output path.
2. If you don't change the output path, the converted files will be saved in NoteBurner default folder: C:\Users\User Name\Documents\ NoteBurner Spotify Music Converter.

## Convert Music Files

Click **“Convert”** button and the program will start conversion. You can see the progress bar on the interface.

## Check History Records

When the conversion is completed, the history records will be saved automatically. Click **“History”** button on the upper right and then you will see all the songs that have been converted successfully.
