## Purchase & Registration

- Purchase NoteBurner M4V Converter Plus
- Register NoteBurner M4V Converter Plus

### Purchase NoteBurner

Quick Link: To buy a license key for NoteBurner M4V Converter Plus for Windows, please click [Here](#).

#### 1. Why should I purchase NoteBurner M4V Converter Plus?

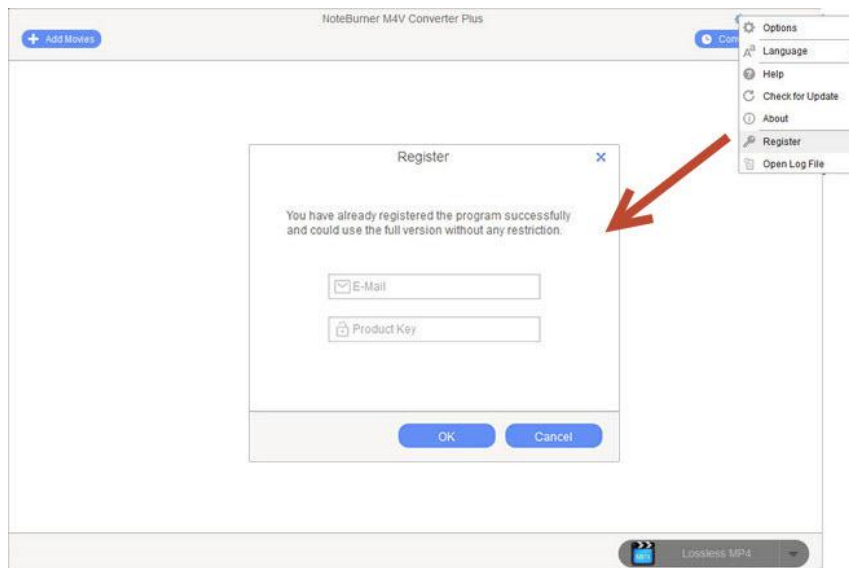

NoteBurner M4V Converter Plus is a shareware, and the trial version enables only 1 minute conversion for each video. After you purchase our product, you will be provided with your User ID and Registration Code which will unlock the trial version limitation.

#### 2. What you can do after Registration?

- Unlimited use without any time and function restrictions.
- FREE lifetime upgrades to the updated versions of the same product released.
- FREE lifetime technical support.

### Register NoteBurner M4V Converter Plus for Windows

Step 1: Run NoteBurner M4V Converter Plus on PC. First you should click **Setting** button on the top right corner of the interface, and then click **Register**. It will pop up a dialogue, you can fill the input blanks with User ID (your register email address or register name) and Registration Code. You can simply use **Ctrl+C** to copy and **Ctrl+V** to paste in the window.

**Note:** If you purchase NoteBurner M4V Converter Plus before **Sept 30, 2016**, you still can input the previous **registration name** to E-mail window to register.

## Clip Video Length

After successfully importing the M4V files to the program, you can directly find the videos displayed on the main interface. You can click the **Edit** button on the right side of the video you added and choose **Trim Video** to clip the video length of the video to be converted.

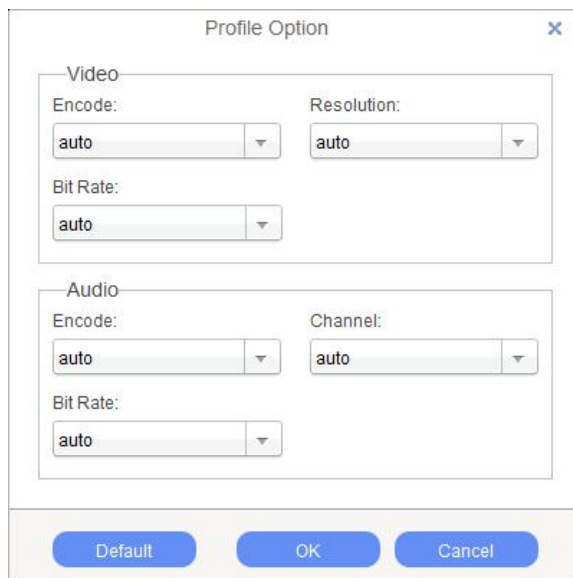

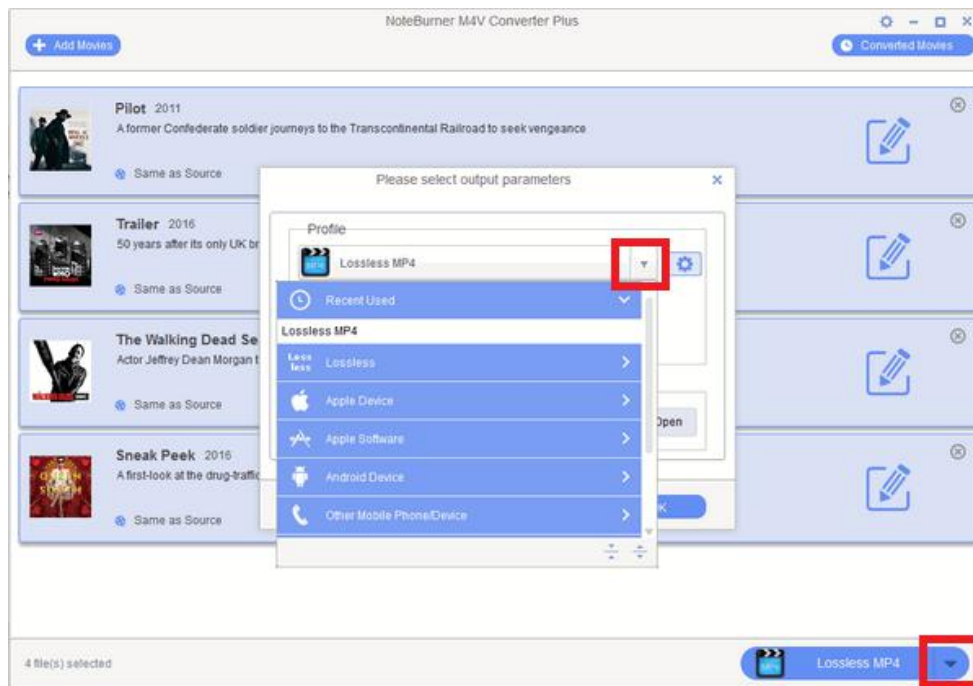

## Choose Output Format

Go to the bottom left of NoteBurner M4V Converter Plus and choose output format for your videos in the drop-down list. You can convert the iTunes M4V videos to output formats like MP4, MOV, AVI and etc, so that you can watch iTunes videos on non-Apple devices like Samsung devices, Google Nexus series, and other Android and Windows devices.

# NoteBurner M4V Converter Plus for Windows

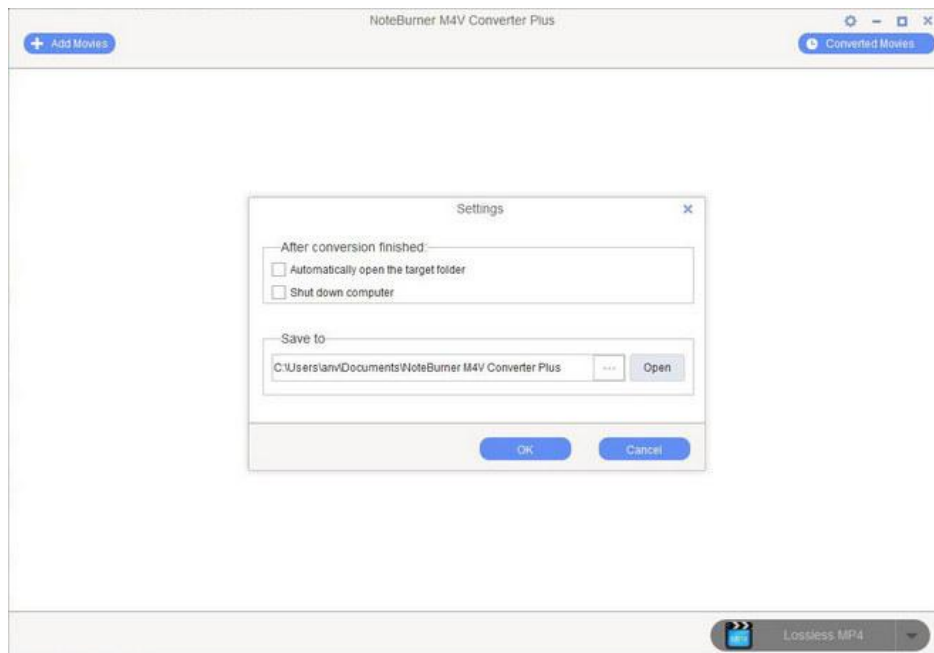

## Customize OutputPath

Click  > **Options** on the upper right of the interface and then change the output path in the popup window.

# NoteBurner M4V Converter Plus for Windows

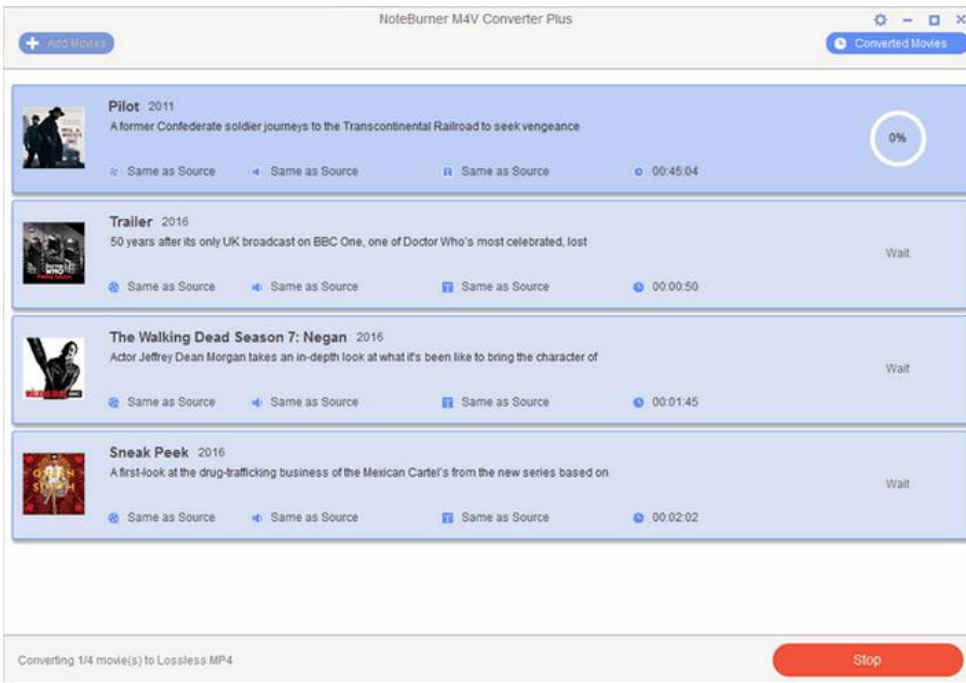

**Tips:** If you don't change the output path, the converted files will be saved in NoteBurner M4V Converter Plus default folder.

## Convert Video Files

After adding the video files and customizing output path, just click the **Convert** button to start the converting. At the same time, iTunes will be launched again if it has been closed after started together with the program.

# NoteBurner M4V Converter Plus for Windows

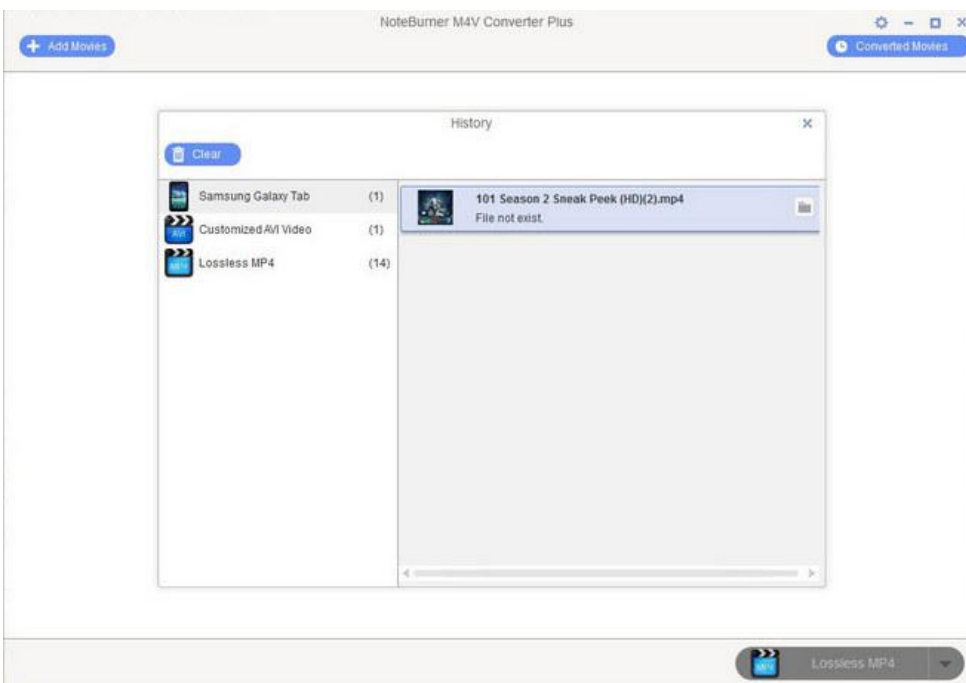

**Note:** Before converting, make sure your computer is well authorized with the same Apple ID that you used when downloading the iTunes movies.

**Warning:** Before the Status show converting progress, iTunes will be shown and hide itself in a flash, and please don't do anything with iTunes during converting in case conversion may failed by occurring an error.

## Check History Records

When the conversion is completed, the history records will be saved automatically. Click the History button to show up the records.
